

DN SERIES

CAN MERCHANDISERS

BEAT THE HEAT THIS SUMMER...

With a DN can or bottle merchandiser from Select you can enjoy a refreshing cold drink, at whatever time of day or night you want, from a selection of well-known branded products. Our DN merchandisers are available with either Coca-Cola or generic branding, and with a variety of different finance options including free loan and rental for qualifying sites, in conjunction with Coca Cola Enterprises Ltd.

All machines have illuminated front panels for maximum sales impact, can be used outside, and can be supplied fitted or ready for any form of payment system.

We can either manage and operate the machine on your behalf, taking full responsibility for stock, replenishment and cash collection, or if you wish to self-operate we can provide an extensive range of canned drinks for delivery direct to your door.
