

FLAVIA CREATION 400

FILTERPACK

A GREAT ADDITION TO ANY OFFICE...

Cappuccino is now the most popular choice for people leaving the office to buy coffee, so why not offer it at work? You and your colleagues can now indulge in an authentic FLAVIA cappuccino at work with the CREATION 400, as well as fresh ground coffee, finest leaf teas and rich, smooth chocolate.

The FLAVIA system works by using unique filterpacks, such as Espresso and Smooth Roast coffees, English Breakfast and Earl Grey tea, and exciting new varieties such as Exotic Chai and Green Tea with Jasmine. Velvety-smooth Cappuccino Topping packs are used to produce a delicious milky froth for cappuccino, mochaccino and chai latte.

The CREATION 400 is simple to use, quick and easy to clean, and is hassle-free and extremely reliable. Additional options available include coin mechanisms, matching base cabinets and filterpack storage units.

Why delay? Very soon you could be enjoying the coffee-shop experience at the comfort of your own desk – unless you really enjoy queuing in the rain and paying exorbitant prices at the local coffee shop!
