

GENESIS

INSTANT / GROUND

THE NEXT GENERATION IN COFFEE MACHINES...

Is a bold claim to make but one we feel really applies to the Genesis. Why? Because the Genesis has all the features and functions of its larger vending siblings, contained within a very small table-top box. Available in either instant or ground versions, the Genesis offers 10 separate drinks selections including tea, coffee, chocolate, cappuccino, latte, and espresso, all dispensed and served to perfection in either a plastic or paper cup, or your own china, at the push of a button.

The Genesis has user-friendly back-lit buttons to guarantee the exact drink you want every time – just push a button and enjoy. Easily-changed decals allow for a completely fresh look or message whenever you want, perfect for internal communication or just embarrassing everyone with highlights of the Christmas party! The drinks menu can also be changed quickly, allowing for the introduction of different drinks at certain times, such as soup or Fairtrade products.

Full compatibility with coin and cashless payment systems, matching base cabinets for storage, and the back-up of our SelectCare maintenance plans mean you need never visit the local coffee-shop again!

Model	Power?	Water?	Size	Weight	Drinks per Day
Genesis	13A 3-pin plug	Plumbed	756mm (h) x 544mm (w) x 597mm (d)	70kg.	200+
