

# GENEVA

## GROUND / BEAN TO CUP

### THE NEW CONTENDER IN VENDING...

When you need great coffee at work, and lots of it, the Geneva is the machine for you. Available as either single (ground coffee or leaf tea), double freshbrew (ground coffee and leaf tea) or fully loaded (freshly ground from the bean coffee plus leaf tea), all versions give a speciality drinks menu that you would normally only see in a high street coffee shop.

Although the Geneva has a compact footprint, making it ideal when space is at a premium, it still boasts a range of features that you would expect from its bigger siblings. Available with either direct selection or numeric keypads, both of which make it simple to select a drink just the way you like it, with variable strength, milk and sugar. If you want the true coffee-shop feel and to enjoy your drink from a paper cup, or need cold drinks and chilled water, either sparkling or still, then the Geneva is the machine for you.

Model	Power?	Water?	Size	Weight	Drinks per Day
Geneva	13A 3-pin plug	Plumbed	1830mm (h) x 700mm (w) x 710mm (d)	120kg	500 +
