

# NEXUS

GROUND / BEAN TO CUP

Large format digital display

Optional Brita water dispenser

## TRULY CONNECTED VENDING...

When you need great coffee at work, and lots of it, the Nexus is the machine for you. Available as either single (ground coffee or leaf tea), double freshbrew (ground coffee and leaf tea) or fully loaded (freshly ground from the bean coffee plus leaf tea), all versions give a speciality drinks menu that you would normally only see in a high street coffee shop.

Although the Nexus has a compact footprint, making it ideal when space is at a premium, it boasts a high specification and wide range of features. The Nexus uses a flat-screen selection system that allows each user to design their own individual drink, once selected the machine allocates a unique quick-select code, which can be used to vend the same personalised high-quality drink every time with the minimum of fuss or delay.

With options for 9 or 12oz "go large" drinks and paper cups, cold drinks and add-on Brita chilled still or sparkling water dispenser the Nexus will truly connect with you and your staff.

Model	Power?	Water?	Size	Weight	Drinks per Day
Nexus	13A 3-pin plug	Plumbed	1830mm (h) x 700mm (w) x 710mm (d)	140kg	500 +
