## BEAN TO CUP

### NOW YOU CAN BRING THE WHOLE COFFEE SHOP BACK TO THE OFFICE...

Throw out that filter machine, it's time to get the office coffee sorted once and for all.

Imagine latte macchiato, cappuccino, caffe mocha and americano all available at the touch of a button, without having to go out in the rain, risk life and limb in the traffic, or queue for 55 minutes of your 1-hour lunch break!

Integrated self-cleaning cycles and the SelectCare maintenance plan ensures cup after cup of coffee the way you like it – just push a button and enjoy. The high capacity bean hopper with pre-ground coffee chute mean you can have regular for the early morning (and much-needed!) espresso kick and decaff for the Friday afternoon wind-down. Clever use of a "Shift" button offers up to 12 different drinks selections or sizes, and the temperature controlled refrigeration unit ensures every cup is delivered with a thick foamy top, made from fresh milk – but don't fret if you're the office espresso addict, as the Santos can deliver two espressos at once for a double hit!

Model	Power?	Water?	Size	Weight	Drinks per Day
Mega	13A 3-pin plug or 30A supply or 415V 3 phase	Plumbed	640mm (h) x 400mm (w) x 560mm (d)	78kg.	500
