

ULTRASPA

WATER

WHO'D HAVE THOUGHT DRINKING WATER COULD BE THIS GOOD?

Cool, purified chilled water, chilled and purified sparkling water, purified water at room temperature – all from one sleek, counter-top unit.

Point-of-use convenience and advanced manufacturing means no more lifting of heavy bottles, no more awkward empty bottles to store, and best of all no more hefty bills just to be able to provide your staff with chilled, refreshing water.

Direct cool technology combined with clever design means pure, chilled still or sparkling water can be dispensed straight into a cup, a highball glass, a water bottle, a jug, or even a vase if you really want to treat the office flowers nicely!

Model	Power?	Water?	Size	Weight	Drinks per Day
UltraSpa	13A 3-pin plug	Plumbed	420mm (h) x 280mm (w) x 470mm (d) + 900mm (h) cabinet	20kg.	1000+
